

## **CAREER VALIDATION FORM FOR THE REGISTRATION OF TOUR GUIDES SPECIALIZED IN ADVENTURE TOURISM**

Decree No. 19 of 2018, "REGULATIONS FOR THE APPLICATION OF THE CLASSIFICATION, QUALITY, AND SAFETY SYSTEM OF TOURISM SERVICE PROVIDERS" by the Ministry of Economy, Development, and Tourism, in Articles No. 15 and 16, establishes the requirements for the registration of Tour Guides.

This tour guide registration model aims to establish a registry that ensures the minimum knowledge and competencies required to operate as tour guides in the country, so as to raise the current standard of service provision and consequently strengthen tourism activity at the national level.

Knowledge and competencies can be demonstrated through a secondary education diploma, a professional technical and/or higher education degree in tour guiding or a related field, a certificate accrediting work experience and competencies, Tourism Quality certification, or through the Theoretical Evaluation defined by the National Tourism Service.

Tour guides who, at the time of registration in the SERNATUR Registry, attach a Certificate of Studies, a secondary education diploma, or a professional technical and/or higher education degree in tour guiding or a related field that does not correspond to a program identified by the National Tourism Service must submit the following annex as an additional form to validate the certificate.

**This form must be signed by the Program Director, Head of Program, Program Coordinator, or a person with an equivalent position who represents** the secondary education establishment, professional institute, technical training centre, university, or another recognized educational institution. This document must expressly declare the relevance of the professional degree for the field of tour guiding. The declaration must include the full name, position, signature, institutional stamp, and date to validate its authenticity.
